

# UNIVERSAL DIGITAL MOISTURE METER (CROP MOIST)

**MODEL - UB-1020**

## Features:-

- Confirms to IS: 8824 with upto date amendments.
- Polydome switches keypad .
- Interactive UI , easy to operate .
- Direct Reading , no need for mathematical calculations .
- Calibrated for 60 Crops including food grains, cereals, oil seeds, pulses , vegetable seeds .
- Last Reading Recall , Averaging facility available .
- Pressure and Vol cup information displayed on LCD Display.

## Specifications:-

1. Type
  2. Principle of Measurement
  3. Sensor
  4. Measured Parameters
  5. Calibration
  6. Range
  7. Accuracy
  8. Display
  9. Resolution
  10. Temperature Sensor
  11. Room Temperature Compensation
  12. Operating Temperature
  13. Data Storage
  14. Real Time Clock
  15. Humidity Measurement
  16. Keypad
  17. Hot Keys
  18. Error Correction Facility
  19. Power Supply
  20. Data Transfer
  21. Weight
  22. Dimensions
  23. Mobile App & PC Software for data printing
  24. Receipt Printing
  25. Packing
- Benchtop/Table Model with Aluminium Body/Compression Unit
  - Resistance/Conductivity Measurement
  - Cup Type
  - Moisture, Room Temperature, Humidity
  - Manual and Automatic Both
  - 3.5% - 40%
  - +0.2%
  - 2x16 col LCD
  - 0.1
  - PT-100 / LM335 Optional
  - Automatic
  - 0-60 °celsius
  - NA
  - NA
  - NA
  - 5 Keys membrane keypad with polydome switches
  - NA
  - Inbuilt
  - 9 volts dc through adaptor or 1.5 V x 6 dry cell
  - NA
  - 24 Kgs apprx.
  - 45 x 25 x 33 cms apprx.
  - NA
  - NA
  - Wooden Box supplied with 3 Volume cups , Adaptor, Ratchet Handle, Dust Cover and Operation Manual
